1. Read and write True or False

2. (False)
3. (True)
4. (False)
5. (True)

2. Task: Fill in the gaps with the missing words while watching the video.

- The Daily Scrum is not a status meeting.
- It's a daily planning event for the developers to plan their day and figure out how they are going to collaborate together and support each other to do the necessary work and deliver on the Sprint Goal.
- The Daily Scrum is the place to make sure that all impediments or blockers are visible.
- The Daily Scrum is also not the place for deep-dive discussions.
- A timeboxed daily event to plan their day and adjust their Sprint Backlog.

Vocabulary & Grammar

1. Word Sorting:

Tools	Actions
backlog	collaborate
sprint plan	plan
product increment	support
	update
	deliver
